

## **Notice**

The Milford Water Company will be continuing its annual hydrant flushing program in the Town of Milford starting on Sunday April 2, 2017. Flushing is scheduled at NIGHT between the hours of 8:00 p.m. and 6:00 a.m. and will continue throughout the month of April/May until the entire system has been completed. Hydrant flushing is conducted to remove any accumulated sediment from the water pipes that may impair water quality. The program also provides the opportunity to inspect hydrants to ensure they will operate properly in the event of a fire. During the flushing program you may notice a temporary loss in water pressure and water discoloration. Please run the water first before using for laundry. If you have any questions regarding areas being flushed or problems caused by the flushing program, please contact our office on Dilla Street at (508) 473-5110 between 8 a.m. and 5 p.m. or check our web site at [www.milfordwater.com](http://www.milfordwater.com).
