The following policy was adopted by the Milford Water Company on October 18, 2011.

The Milford Water Company is committed to improving the environment. We will do so by:

Providing fit and pure water

Complying with federal, state and local environmental laws and regulations

Creating a safe working environment for our employees

Providing clear, concise and factual communication to our consumers

Preventing pollution, and

Continuously improving our environmental performance

David H. White

A handwritten signature in blue ink, appearing to read "David H. White", written over a faint, larger version of the same signature.

President, Milford Water Company
