The customer/applicant, upon signing this application for water service, or upon the taking of water service, will be bound by the Rules & Regulations of the Company as set forth and approved by the Department of Public utilities.

The applicant for service hereby agrees to pay for the installation of a new service pipe from the water main in the street into the building.

The water meter and connecting valves of size and type to be determined by the Water Company will be furnished and/or installed by the Water Company and the cost will be billed to the owner/applicant. A System Development Charge based on the size of meter will also be charged to applicant. (See rate schedule attached.) As the Water Company is the only agency with franchise to maintain water pipes in the public ways of Milford, ownership of the service pipe from water main to property line, and meter, will remain with the Water Company. Responsibility for maintenance or replacement of the service pipe in Public Ways and the meter shall rest with the Water Company, and, ownership and responsibility for maintenance or replacement of the service pipe from property line to building shall rest with the property owner. Responsibility for maintenance or replacement of the service pipe in Private Ways and/or Private Property shall rest with the property owner.
